## Harbour Cove Updates!

As we eagerly anticipate another wonderful season ahead, we want to keep you informed about some important updates. In the coming days, we will be sending out leases, so please keep an eye on your inbox! If you have decided not to renew your lease, we kindly ask you to reach out to either Nicole Kelly or Peter Mueller, or simply give our office a call at 301-261-9500. Additionally, we would like to remind you to submit your boat insurance to Nicole Kelly at your earliest convenience. March 31st is the deadline for signing and paying for your 2025 lease! We appreciate your attention to these matters and look forward to another fantastic season together!

## **Getting Your boat ready for the season!**

Most boat owners think carefully about storage options and winterization, however it is just as important to think carefully about de-winterizing before your first launch in the spring.

If you aren't up to these tasks, we can help you out here at Harbour Cove. Let us know if you need service and we will get you scheduled right away!

**89 octane non ethanol.**

- **Prevents Corrosion:**

- Ethanol attracts and absorbs water, leading to phase separation and causing corrosion in fuel systems, especially in marine engines that often sit for extended periods.

- **Better Storage Stability:**

- Ethanol-free fuel is more stable for longer storage, making it ideal for seasonal boat usage.

- **Higher Energy Density:**

- Non-ethanol fuel provides more energy per gallon, potentially offering better engine performance.

- **Engine Compatibility:**

- Many older marine engines and components made with rubber or plastic are not designed to handle ethanol, leading to damage and reduced engine life.
