### ***GETTING YOUR BOAT READY FOR THE SEASON***

Most boat owners think carefully about storage options and winterization, however it is just as important to think carefully about de-winterizing before your first launch in the spring.

Follow these tips to make sure your first launch is memorable for all the right reasons!

- Do a complete visual inspection. First, see how your boat looks overall. Your hull should be free of chips, blisters, and chalky residue. If you have blisters in your hull, repair them. Chalky residue could indicate oxidation, meaning that the gelcoat needs to be repaired or compound and waxed.

***(continued on next page)***

### **GETTING YOUR BOAT READY FOR THE SEASON**

**(continued)**

- **Bottom Paint & Zincs** - this is very important if your boat was stored in the water.
- If you didn't change the oil at the end of the season last year, do it now.
- Check your electronics GPS, compass, depth finders. Any on-board electronics need to be tested to make sure they are in working order. Repair or replace as necessary.
- Check your batteries and replace as needed.

If you aren't up to these tasks, we can help you out here at Harbour Cove. Let us know if you need service and we will get you scheduled right away!

**Beat the Spring Rush and  
Schedule now!**

**Harbour Cove will be using Speedy Dock again this year. Please note load and off loading of trailers can only be scheduled during the week days.**

**If you are new to Speedy Dock, we can send you an activation email this week. If you have forgotten your User ID and/or Password, please call the Marina office at 301-261-9500.**

### **What is SpeedyDock?**

SpeedyDock is an app that makes scheduling launches from dry stack storage quick and easy. It allows you to request and track launches from a phone, tablet, or modern web browser. You can even choose to receive text messages and email notifications about your requests.

### **How Does It Work?**

Simply request a launch online or with the SpeedyDock app, and your boat will be ready at the scheduled time. When finished boating, just let us know through the app and your boat will be returned to storage.

### **How Do I Sign Up?**

**IT'S EASY!** As a dry stack storage customer at Harbour Cove Marina, you will be automatically enrolled in SpeedyDock! You will receive an activation email to set up an account.

***Customers can still call by phone to make a reservation.***

**Harbour Cove will send out activation emails in the next few days to all Dry Stack customers.**
